

Meridian Gadget & Personal Electronics Policy

Policy Wording v1.1 · Sample document for testing only

Section 1 — Policy Period and Insured Items

- 1.1 Cover applies to the gadgets listed on the schedule, each identified by make, model and serial or IMEI number, for a 12-month policy period.
- 1.2 Eligible gadgets are mobile phones, tablets, laptops, smart watches, headphones, cameras and e-readers that are less than 36 months old and in full working order at inception.
- 1.3 Policy numbers for this product are in the format GD-XXXXXXX (e.g. GD-5502173).
- 1.4 Cover is worldwide for up to 90 days in any policy year outside the country of residence.

Section 2 — Covered Perils

- 2.1 Accidental damage, including cracked screens, drops and impact damage.
- 2.2 Liquid damage, including submersion and spillage.
- 2.3 Theft of the gadget, including theft from a locked vehicle where the gadget was concealed from view and the vehicle shows evidence of forced entry.
- 2.4 Loss of the gadget, where the Loss extension is shown on the schedule for that item (mobile phones and smart watches only).
- 2.5 Mechanical or electrical breakdown occurring after the manufacturer's warranty has expired.
- 2.6 Unauthorised calls, data usage and in-app purchases following theft or loss of a mobile phone, from the time of the incident until the network provider is notified.
- 2.7 Accessories (cases, chargers, straps) purchased for and damaged, stolen or lost together with the insured gadget.

Section 3 — Exclusions

- 3.1 Cosmetic damage that does not affect the functionality of the gadget, including scratches, dents and worn finishes.
- 3.2 Theft or loss where the gadget was left unattended in a public place, or left in an unlocked vehicle or building.
- 3.3 Gadgets left in a vehicle overnight between 21:00 and 07:00.
- 3.4 Damage caused by wilful neglect, deliberate act, or use contrary to the manufacturer's instructions.
- 3.5 Damage arising from unauthorised repair, modification, jailbreaking or the installation of unofficial firmware.
- 3.6 Loss of or damage to data, software or downloaded content, and the cost of data recovery.
- 3.7 Breakdown covered by the manufacturer's warranty, a recall, or any other guarantee.
- 3.8 Any gadget whose serial or IMEI number cannot be verified or does not match the schedule.
- 3.9 Gadgets used for business hire or lent to any person not living at the insured address.

Section 4 — Deductible (Excess)

4.1 The excess per claim depends on the replacement value of the gadget: 25 for items up to 250; 50 for items from 251 to 750; 75 for items from 751 to 1,500; 100 for items above 1,500.

4.2 An additional excess of 50 applies to every loss claim under the Loss extension.

4.3 A separate excess applies to each gadget claimed in the same incident.

Section 5 — Limits and Sub-limits

5.1 The maximum payable for any single gadget is the lower of its replacement value with an equivalent model and the sum insured shown on the schedule for that item, up to 2,500.

5.2 Accessories: sub-limit 150 per claim.

5.3 Unauthorised use following theft or loss: sub-limit 1,000 per claim, and 100 per day where the network is not notified within 24 hours.

5.4 Maximum 3 claims per gadget per policy year; a fourth claim results in that gadget being removed from cover at renewal.

5.5 Where a gadget is replaced, the replacement becomes the insured item and the sum insured is unchanged.

Section 6 — Claim Conditions

6.1 Claims must be notified within 14 days of the incident, or of discovery in the case of theft or loss.

6.2 Theft and loss must be reported to the police within 48 hours and a crime reference or lost-property reference supplied; mobile phone thefts must also be reported to the network provider within 24 hours to block the handset.

6.3 Proof of purchase showing the date, price and serial or IMEI number is required for every claim. Second-hand gadgets are not covered without a dated receipt from a retailer.

6.4 Damaged gadgets must be sent to the insurer's approved repairer for assessment before any repair is authorised. Repairs by any other repairer are not reimbursed.

6.5 If a gadget is beyond economic repair, the insurer will replace it with the same model or, if unavailable, a model of equivalent specification. Cash settlement is offered only where no equivalent model is available.

6.6 The policyholder must remove SIM cards, memory cards and personal data before sending a gadget for repair; the insurer is not responsible for data on devices in its custody.

6.7 Lost or stolen gadgets that are later recovered must be returned to the insurer if a replacement has been provided.

Section 7 — Fraud

7.1 If any claim is fraudulent or exaggerated, or if a false serial or IMEI number, receipt or police reference is supplied, all benefit under this policy is forfeited and the policy is cancelled from the date of the fraudulent act.
